CHURCHMEN AT DAVIS FUNERAL

Evangelical Ministers Including Three District Superintendents Here

SERVICES THIS MORNING

Ohio Conference Men's Chorus Sings at Funeral of Calvary Pastor

Evangelical ministers from over the state including the three district superintendents and hundreds of friends joined with the family at the funeral of Rev. William M. Davis, pastor of Calvary Evangelical church today at 10:30 a. m. at the church.

The church auditorium was filled and the Sunday school rooms were opened to accommodate the large crowd.

Rev. W. H. McLaughlin of Beth any Evangelical church in Canton former district superintendent preached the funeral sermon and Rev. C. L. Allen of Fremont superintendent of the western district and a former pastor of Calvary church and Dr. H. V. Summers of Canton eastern district superintendent assisted. Dr. Summers read the obituary for Rev. A. S. Sain of Columbus southern district superintendent is a brother of the widow.

Rev. Oscar V. Letta of the Oak land Evangelical church representing the Marion County Ministerial association of which Rev. Davis was a member read the association's memorial resolution. Among the eulogies given was one by Rev. Franklin G. Markley of Toledo former pastor of Epworth M. E. church and a close personal friend of the late Rev. Davis. Markley was president of the Marion County Ministerial association last year and Rev. Davis served as his chairman of the evangelistic committee.

Music for the service included singing by the Ohio Evangelical conference men's chorus, a hymn by a quartet composed of Mr. and Mrs. William Feaver and Mr. and Mrs. Charles Feaver and selections by the church choir.

Reappraisal of County Real Estate Provided in Next Year's Budget

Officials Ask \$5,000 for Survey as Required by Law; Total Needs Estimated at \$255,130; Social Security Requirements Boost Total.

The first reappraisal of real estate since 1931 in Marion county is being planned for next year it became known today as county commissioners approved a budget calling for \$255,130 to operate the county in 1937. The budget includes a request for \$5,000 for the reappraisal of real estate here as required by law every 10 years.

County Auditor Harry A. Mounts who prepared the budget last week and submitted it to the commissioners for approval said he labored long of fixing new valuations on all the land and buildings in the county would be started early in the next year.

He said he had no way of determining before hand whether the total valuation of the real estate would continue to decrease as it has since 1925 or whether it would rise. In 1925 the tax value duplicate consisting of the total values of all real estate in the county reached the highest in the history of the county, \$1 million dollars. Since then every year tax values have declined until now the total value is only \$8 million. This is the same figure at which the real estate in the county was valued in 1913.

Appraisers To Be Appointed
Two appraisers will probably be appointed for each township and two separate appraising boards for the city. Mr. Mounts indicated one of the city boards will evaluate land and the other will evaluate buildings.

The new tax duplicate which will be completed next year as a result of the reappraisal will be used in establishing the rates to apply in 1937.

The \$5,000 asked for the appraisal will not cover the entire cost. Mr. Mounts said future developments will have to provide the remaining funds he explained.

The new budget as approved by the county commissioners requests an increase of \$20,738 over the amount asked for this year. Mr. Mounts said the requests were not excessive and were only enough to permit the county to perform the duties required of it.

The county budget along with budgets for all other divisions of the county—townships, villages, school districts and Marion city—will be laid before the county board of commissioners for consideration.

The board will have to approve the budget before it can be put into effect.

Ohio G.A.R. Head Busy Despite His 91 Years

Marion Man Tours State in Interests of Civil War Veterans.

At the age of 91 Francis S. Layton of Marion who recently was elected state commander of the Grand Army of the Republic traveling around Ohio on a schedule of official visits that would tax the strength of a man many years younger.

Unusually robust and hearty for a man of his years Mr. Layton carries on his strenuous program of traveling without complaint and apparently without any ill effects. He is so keenly interested in his work as state commander besides the way to keep from getting old is to stay active.

When a day passes that Mr. Layton isn't leaving for a trip speaking at a meeting, getting back from a trip or at least planning an official visit to some part of the state, it sure keeps you busy. He declared in an interview between trips at his home at 809 North Main street.

The state almost entirely by automobile with either his son Francis or his daughter in law driving in addition to attending meetings of patriotic groups. Mr. Layton goes whenever possible to funeral services for members of the rapidly thinning ranks of the boys in blue.

Will Go to Gallon
Last Sunday it was a meeting of the Sons of Union Veterans and the Gallon. Mr. Layton will go to Gallon Sunday at a district meeting of the same organization in Gallon. He will occupy his attention. On Oct. 20 he will go to Sandusky to visit the soldiers and sailors home and an orphanage home in Madison county. He recently attended a meeting at Point Pleasant near Cincinnati where a cabin in which General Grant was born was dedicated. A visit to the Soldiers and Sailors Orphanage home at Xenia and a business session of the G. A. R. will follow.

When called upon at various meetings for extemporaneous remarks Mr. Layton seldom makes a long talk but invariably he makes an appeal for children to be taught proper respect for the American flag.

Mr. Layton ran away from the family home near Roundhead in Hardin county as a boy of 17 years to enlist in the Civil war. He served from March 3, 1861 to August of 1865 and some of his experiences in that period rival fiction.

He had two narrow escapes from capture by rebels and was one of the first to be freed.

LANDON TO INVADE WEST COAST THEN SWING ACROSS U. S.

Slates Talks in Los Angeles, Oklahoma City, Indianapolis, Pittsburgh, Philadelphia, New York.

By The Associated Press
LOS ANGELES, Oct. 16.—A west coast dash to Los Angeles Tuesday was announced by Gov. Alf Landon today in a surprise shift of strategy before winding up his presidential campaign with a cross continent swing.

From Los Angeles the Republican nominee said he would go eastward for speeches in Oklahoma City, Indianapolis, Philadelphia, Pittsburgh and New York.

Why are you going to California? reporters asked as his special train entered Los Angeles at 2:40 p. m. late today. Landon said he was going to California to see the people of the state and to see the people of the country.

He said he was inclined to think that on Nov. 1 a decision would be made on whether we shall continue to work for a greater security and a greater human happiness.

PARALYSIS CLOSES MARYSVILLE SCHOOLS

Four Buildings Empty After Discovery of Fourth Case in Town.

By The Associated Press
MARYSVILLE, Oct. 16.—Three public schools and the Lutheran parochial school here were closed shortly after noon Thursday by the board of education as a precautionary step to prevent the possible spread of infantile paralysis.

Charles Elbin, clerk of the board stated that the action was taken to prevent possible exposures to the disease and also due to the fact the school system was crippled as the result of parents not sending their children to classrooms. The schools will probably open on Oct. 26.

Health Commissioner H. G. Southard stated there was only one new case that of the Stuart boy, a pupil in the second grade. There have been four cases. The first case was discovered on Sept. 19. A second child became ill on Sept. 25 and that child's sister became ill on Oct. 1.

LEARNED SECRET OF GOOD HEALTH

Profited by experience of others who told how Vendol corrected constipation. Got some and now feels like new.

"I'd almost given up hope of finding anything to make me feel like I used to. I had taken different things but none seemed to be just the right thing for me," says Mrs. Sara A. Schneider of Lower Salem near Marietta, Ohio.

MRS. SARA A. SCHNEIDER

"I felt weak and worn out all the time had no energy and often felt dizzy with little spots dancing before my eyes. I lost my appetite and my weight was going down gradually. What I did eat seemed to do little good but turned sour in my stomach gas made me feel swollen and felt like there was a lump in my throat which I couldn't get rid of."

"I often read the high praise given Vendol so got some and this was the medicine I needed. In a few days my bowels were moving regularly every day, something I hadn't known for years. When I had finished my third bottle of Vendol I felt like I had been thoroughly cleansed inside and all feeling of dizziness had disappeared. My appetite was so good that I was eating hearty meals yet nothing disagreed with my stomach and all signs of gas, sourness and heartburn were absent."

"I learned the secret of good health by reading what Vendol did for others, so I hope this statement of my case will help other people to gain the same relief I did."

You can also get the same relief by taking this pleasant, prompt acting medicine. Vendol is made by adding reliable ingredients to pure extracts of

BRITISH ASK WILL 'WALLY' ATTEND EDWARD'S PARTY

Fashionable Set Thinks She May Drop Plan To Attend Affair as Result of Divorce Suit.

By The Associated Press
LONDON, Oct. 14.—London's fashionable set, discussing the divorce action brought by Mrs. Ernest (Wally) Simpson against her husband, asked this question today: "Will 'Wally' attend King Edward's house party at Sandringham next week?"

Mayfair conversations centered around prospects the American-born friend of the monarch, who charged her broken husband with misconduct in a provincial divorce suit, may cancel her plan to join a small group of the ruler's friends at the royal country residence.

The house party was planned to coincide with King Edward's first visit to Sandringham since his father, King George, died there last January.

Attorneys for Mrs. Simpson, the former Wallis Warfield of Baltimore, were working to complete legal documents for the hearing to be held at Ipswich during the autumn beginning Oct. 24.

The slender, brunet "Wally" huddled herself with details of the decoration of her new home in

Cumberland Terrace, only a few minutes drive from the king's official residence at Buckingham Palace.

A bewigged justice, opening the Norwich assizes tomorrow, will set the date for the Simpson divorce hearing. With only one other civil case reported listed for the Ipswich session, the divorce suit was expected to be called Oct. 25, the last day of the provincial sittings.

Simpson has announced via petition filed by her wife-in-charges of misconduct, the only ground for divorce under British law—would not be defended.

CONDITION IMPROVING

Roy Tavenner, who has been seriously ill of a heart ailment over a period of weeks, is improving. It was reported today. He is able to walk out-of-doors for a short time each day and within a month should be able to return to his barber shop on West Center street, the attending physician said.

JUDGE TAKEN HOME

Common Pleas Judge Hector S. Young should be able to return to his office by the last of next week, if he continues to show improvement, the attending physician said today. At present his condition is satisfactory and he was removed to his home at 203 Kensington place yesterday from the city hospital. Judge Young suffered a gastric hemorrhage a week ago last night.

BOY'S LEG BROKEN

Donald, 9-year-old son of Mr. and Mrs. James W. Henry of 692 Uncapher avenue suffered a fractured left leg when he fell from a tree while playing at home before going to school this morning. An X-ray examination at the office of Dr. A. A. Starnes showed the fracture was between the knee and the ankle.

BETTER LIGHT for BETTER SIGHT

Give Her THE LIGHT SHE NEEDS

Older eyes need almost twice as much light as young eyes for reading, sewing and the other small pleasures so important to "older folks." Make sure that she enjoys safe, comfortable seeing by providing adequate light wherever she uses her eyes. It is also of utmost importance that proper lighting be provided to save the younger eyes in your family—as well.

FREE LIGHTING SERVICE

Call our office and ask for a Trained Home Lighting Representative to call at your home and analyze your requirements for better seeing. This service is free.

Have your eyes examined regularly and provide them with proper light wherever you use them.

Cost of Campaigning Mounts With the Passing Years

From Engraving by John Sartain in Howard F. Porter's Old Print Exchange, New York

The days when an orator needed strong lungs to reach his audience are depicted in "The Stump Speaker," a painting by George Caleb Bingham, of a campaign scene in 1856 when Buchanan was elected.

In striking contrast are the loudspeakers which dot the observation car of his swift special train as Governor Landon speeds across the nation today in quest of the Presidency.

By HERBERT PLUMMER

WASHINGTON, Oct. 16—It takes more than catchy ballyhoo and a compelling discussion of the issues to put a man in the White House. It takes dollars, too—millions of them.

While the total spent by Democrats and Republicans this year may amount to less than that of the 1928 election, it still will make the expenditures of an earlier day seem like "pin money."

\$100,000 for Lincoln
Only \$100,000 was spent in 1860 to elect Abraham Lincoln and \$125,000 to reelect him in 1864. The Democrats reported expenditure of \$1,520,658 to reelect President Roosevelt in financial statements filed with the house of representatives clerk, last month, as required by law. They reported \$372,000 left in the campaign chest.

The Republican statement also showed \$2,544,910 spent in behalf of Governor Landon, with about half a million dollars left. The minor parties reported an aggregate expenditure of \$43,520. Chieftrains of both major parties expect substantial increase in contributions between now and the closing days of the campaign.

Prior to the Civil war, the largest campaign fund collected was \$25,000 for James Buchanan. The radio and high pressure methods of "selling" a candidate make necessary far greater sums today.

\$11,598,000 in 1928
The all-time record for a presidential campaign was attained in 1928 when the two major parties reported a total expenditure of \$11,598,000. Of this amount, the Republicans spent \$8,256,000 to elect Herbert Hoover and the Democrats \$3,342,000 in behalf of Smith.

The depression bore down heavily on the parties in 1932. The total spent was less than \$5,000,000—of which \$2,670,652 went for Hoover and \$1,708,507 for Franklin D. Roosevelt.

It required only \$150,000 to send General Grant to the White House for the first time and \$250,000 to keep him there for a second term.

It was not until 1884 that presidential campaign funds entered the million dollar class. Grover Cleveland's first campaign cost \$1,400,000 and that of his opponent, James G. Blaine, \$1,300,000.

Thereafter more than a million dollars was expended each presidential year for the winning candidate.

Minor on Shoestring
Minor groups usually have to get along on a shoestring. The Union party listed expenditures of \$20,853; the Socialists, \$12,082; the Prohibitionists, \$1,685.

Of the independent political organizations in the field this year, Father Coughlin's Union for Social Justice reported spending \$473,380; the American Liberty league (anti-new deal) \$404,207; Good Neighbor league (pro-new deal) \$30,400; Southern Committee to Uphold the Constitution, \$4,970; and National Jeffersonian Democrats, \$2,738.

Intended for advertising purposes, a clock having a comic human face has been invented that announces the quarter hours in words emanating from its mouth or can be used to give advertising talks.

Answers Partition Suit

Charles Drake, defendant in partition suit filed by Frank B. Drake, has filed his answer in common pleas court. The plaintiff petitioned Sept. 16 for partition of 80 acres of land in Claridon township and asked that the deed, which the former owner, Barbara Drake, gave to the defendant, be set aside.

The plaintiff asserted that Mrs. Drake inherited the land from her husband and his father, and then decided it to Charles Drake, her son by a former marriage, shortly before she died.

Attorneys for the plaintiff are French Crow and Homer E. Johnson and for the defendant, George T. Gean and William P. Malonev.

Divorce Actions

Suits filed—Thelma Augustin filed amended petition in her suit for alimony against Grover Augustin. Osa A. Hinton against James T. Hinton, grounds of gross neglect of duty and failure to provide for her and three children. George T. Gean, attorney for plaintiff.

Appeal Filed

An appeal has been filed by the plaintiff in common pleas court in the matter of the deed of assignment given by Benjamin C. Kreis of Green Camp township to H. A. Findling of Marion township. The appeal is from an order issued in probate court, requiring Findling, as assignee in charge of the property devised to him by Kreis, to pay \$510 to the Federal Land Bank of Louisville, Ky., defendants and holders of a first mortgage on the property.

In the appeal Findling maintains that the \$510 remaining from money obtained from the sale of part of the property, should go to Kreis in consideration of exemptions allowed by law. Joan H. Clark represents the defendants and J. W. Jacoby the plaintiffs.

and theaters and motion pictures help the radio.

Every good thing helps every other good thing. Motion picture theaters will increase in prosperity and attendance, because human beings like to see things together.

Any father who has installed a billiard table in his house "to keep the boys at home" can tell you that the boys still go out to play billiards where others are playing.

No television television picture will keep the real crowd away from the bright lights, beautiful gliding and occasional "personal appearances" of the moving picture house, for man is a gregarious animal, enjoying himself in crowds.

Many Automobiles

One place of good news: In 1936 the number of motor vehicles registered in New York state, alone, increased by 124,589 to a magnificent total for the state of 2,414,111.

These automobiles could carry the total population of New York state all at one time, with plenty of room for luggage and bedding on the running boards, if it should become necessary for the population to move west to escape airplanes.

Not that they could escape.

The 25,000,000 automobiles now running in the United States could carry our total population of 130,000,000 at one time. That is real transportation. The big automobile shows are approaching; you will want to see what has been done, and guess how much higher the automobile registrations will go.

A hopland is as good as a bird, except that he has no wings. Don't be a hopland—get a car.

No Insurance

Lloyd's Irish insurance concern, which insures you against anything happening, if it "guesses" that it will not happen, it usually guesses correctly. It refuses to in-

sure against war striking England, although until lately the charge for that insurance was only one-fifth of 1 per cent; 200 pounds for 100,000 pounds insurance.

Somewhere in Lloyd's possesses intelligence. That big organization does not like to think of war with airplanes added.

Strikes at Spain

The Irish Catholic hierarchy, sitting at Maynooth College, Cardinal Macarty presiding, denounces communism and persecution of the "Catholic" as Ireland or any nation of Spain's kindness to our ancestors. On October 23 all Catholic churches in Ireland will take up collections "for the relief of Spanish Catholics." Mexico, once as "Catholic" as Ireland or any nation, sends, from its chamber of deputies, a message of sympathy to the Spanish government at Madrid.

The Irish Free state tells Germany: "No, you may not use Galway Bay as a base for your proposed airmail service to United States in competition with the joint service of Pan-American Airways and Imperial Airways."

Wise De Valera prefers showing hospitality to British and American combined, rather than oblige the Germans. Once in Galway Bay, German planes might stay.

HE PLAYED WITH MANSFIELD

A. G. Andrews, member of the cast of a play now current on Broadway, is the oldest actor on the American stage. Despite his 81 years he has to paint lines on his face to look old. Pre-

paring to celebrate his 78th anniversary as an actor, he will look back on a career in which he played with such stage greats as Sir Henry Irving and Richard Mansfield.

VENDING MACHINES STOLEN FROM STATION

Delaware Avenue Place Broken Into in Night; No Clues Found.

Three vending machines containing a total of 100 cents, valued at about \$30 were taken from the station at 551 Delaware avenue, was burglarized last night according to a police report.

Entrance was apparently made by jimmying the door of the station, who investigated, reported. The break-in was discovered shortly after 6 o'clock this morning by a newsboy who was delivering papers.

The boy, whose name was not learned, notified Gale Leffler, manager of the station, who in turn informed police. One of the vending machines in addition to the missing money, about \$100, was reported. A small amount of change was also taken from the coin register which had been left open. A search of the immediate vicinity this morning failed to uncover any of the vending machines. It was first thought that the intruder might have taken them a short distance from the station to break them open and gain access to the contents.

One of the break-ins was traced between 1 a. m. when Mr. Leffler, who lives nearby, retired, and 6 a. m. when the discovery was made.

ROOSEVELT RADIO PROGRAM NIGHTLY

Announcement of a Roosevelt Progress program to be broadcast every week night except Saturday from 10:20 to 10:45 was received today by Marion Democratic organizations. The program will be carried by stations WRCR in Cincinnati, WKRC in Cleveland and WWSN of Columbus. It will be sponsored by the Good Neighbor league, the Labor Non-Partisan league and the Progressive National committee.

OFFICERS ELECTED BY BROTHERHOOD

Election of officers for the coming year was held at a meeting of the Brotherhood class of the Central Christian church last night at the home of H. L. Hartshorn on Smith street. Those elected are: Earl Haverd, president; E. J. Hahndorff, vice president; Leo Thoms, secretary; John Lynn treasurer and C. E. Gelsater, reporter. A lookout committee for welcoming new members was appointed, consisting of C. A. Anthony, Otto Van Trease and Charles Swisher. The class voted to adjourn.

Doctors Remove Throat Barrier So Baby Can Cry

By The Associated Press. PITTSBURGH, Pa., Oct. 14.—A mother hoped today that surgeons would enable her baby to cry—maybe to talk in later years.

The surgeons were called upon by Mrs. Otto Frege of suburban Shikola, who said:

"Eugene was a wonderful baby from birth, but I felt sort of funny about his not crying."

An examination revealed a growth in nine-month-old Eugene's larynx made it impossible for him to cry.

A series of operations began. Little by little surgeons are removing the obstruction—Eugene, they say, soon may be able to make a healthy rumper if he wishes.

But, his mother says:

"I don't think he would cry much anyway, because he has such a sunny disposition."

Today Eugene is breathing through a tube placed in his throat during the series of operations on the trachea.

Nurses at the hospital said the baby is being treated while several more operations will be necessary. Then the breathing tube will be removed. Eugene, for the first time in his life will be able to cry lustily if he wants to.

CIRCUS' BEARDED GIRL SCIENTISTS EXPLAIN

By The Associated Press. CHICAGO, Oct. 14.—Surgery's victory over an unusual case of misplaced gland tissue which was changing a 15-year-old girl into a man was reported today in the Journal of the American Medical Association.

Drs. William Saphir and Morris L. Parker said the girl had developed a deep voice and a masculine growth of hair on her face when she came to them for treatment.

Civic Progress Meeting Plans Made for Oct. 27

Plans for the civic progress meeting Oct. 27, sponsored by a group of Marion industrial leaders, are being pushed toward completion. Captain Alfred G. Karger, widely known radio news and political commentator, has accepted an invitation to speak at the meeting, which is one of a series of similar gatherings being arranged throughout the county.

A conference of representatives of various civic and patriotic bodies was held Wednesday at Hotel Harding for the purpose of obtaining a wider endorsement of the project and perfecting arrangements. The representatives present were: Mrs. N. V. Friesman, American Legion auxiliary; Mrs. J. A. Morrison, Veterans of Foreign Wars auxiliary; Mrs. Everett Gishley, Federation of Women's Clubs; Dr. C. G. Smith, Marion Academy of Medicine; R. T. Lewis, Chamber of Commerce; Dr. O. M. Young, Marion Dental association; Probate Judge Oscar East, Kiwanis club; Clarence Hart, Junior Chamber of Commerce; W. D. Brown, Rotary club; C. W. Snyder, Service club and John K. Hartman, Marion County Bar association.

The meeting is scheduled to start at 8 p. m. at the Star auditorium. Men prominent in local affairs will be selected soon for short talks.

The purpose of the meeting, according to J. H. Walters, chairman of the committee in charge of arrangements, is to educate the people of Marion to the value of industry to the community, to create a better spirit of cooperation between the public and business. Other cities in the country are arranging similar meetings to help carry out the program nationally, he said.

Captain Karger, now broadcasting each Saturday at 6:45 p. m. over WTVM in Cincinnati, is active in army and business affairs. He holds a commission in the reserve corps, assigned to chemical warfare service, and is an instructor in the National guard. For the past 15 years he has been vice president and secretary of the American Printing Ink Co., at Cincinnati.

Cards followed an informal program at a meeting of the Women's Division of the Marion County Democratic club Wednesday night in Democratic headquarters. Mrs. Beattie Dwyer of Bryan and Columbus was a guest and gave a short talk on the work of the Democratic women. She is in charge of the work of Democratic women in the Fourth, Fifth and Eighth congressional districts. Miss Maxine Schlagenhauf, accompanied by Miss Dorothy Jean Haberman, entertained with several dance numbers, and Miss Myrtle Boyer contributed a group of songs.

Mrs. J. E. Frew, Mrs. D. T. Mills and Mrs. Wendell Wiant, members of the Girl Scout council have returned from Cincinnati, where they attended the national convention of Girl Scouts. Mrs. Elmer Smith, co-chairman of the council, who accompanied the party to Cincinnati, remained for the closing session today. They attended the reception honoring Mrs. Herbert Hoover at the Art museum, and also the training school which preceded the opening of the convention proper on Wednesday morning in the Netherlands Plaza hotel.

CLUB HEARS TALK BY COACH WINNERS

Thomas Clark and John Imbody, who have won scholarships for their model coaches submitted in the Fisher Body Craftsmen's guild contests, were guest speakers on a "Craftsmanship" program at a meeting of the Quist club last evening at the home of Miss Grace Colvin on Elmwood drive. The young men displayed their coaches and told how they were built. Miss Colvin was in charge of the program. The club will meet Nov. 5 with Miss Margaret Wolfley of 1541 Church street.

PATROL OFFICER P. T. A. SPEAKER

A safety talk by Sergeant S. D. Augenstein of the state highway patrol headquarters in Findlay was a feature of the program given at a meeting yesterday afternoon of the Olney Avenue Parent-Teacher association. The program was in charge of a group of teachers, with Miss Ruth Powell as chairman, and included songs by Misses Jaynette Vaughan, Robin Nichols, Ruth Powell and Helen Hildebrand, faculty members. Miss Powell gave a talk on "Creative Games." Mrs. Herman Helsler, president, named her committee chairman for the year. Arrangements were made to purchase water for undernourished school children and to participate in the day drive Saturday for the benefit of the City hospital clinic. The third grade room was awarded the attendance clinic. Tea was served by a committee headed by Mrs. Elmer Graham. Mrs. W. V. Powell will be in charge of a program at a meeting Nov. 19.

POTLUCK SUPPER PRECEDES MEETING

A potluck supper preceded a business and social meeting of the Elizabeth Daily class of the First Presbyterian Sunday school last night in the recreational room of the church.

Mrs. E. E. Cookston was made president of the class to fill the vacancy made by the resignation of Mrs. Elwynna Myers, who recently moved to Battle Creek, Mich. Mrs. Martha Todd was appointed assistant secretary. Mrs. Cookston named Mrs. Charles Hoepke, Mrs. A. J. Lantz and Mrs. J. H. Andrews to serve as a social committee. Mrs. Bertha McDowell, Mrs. Alfred Exton and Miss Doris Knapp were enrolled as new members. Contests were won by Mrs. Lena Dain, Mrs. Hoepke and Miss Maude Allen. A meeting Nov. 20 will be at the home of Mrs. Cookston at 292 Elm street.

Your Health

BY DR. M. S. COPELAND

Anesthesia.

October 15 marks the ninetieth anniversary of the first operation performed under ether. The notable event took place in the Massachusetts General Hospital in Boston. The anesthetic was administered by Dr. Morton, a dentist and a medical student at Harvard. To this famous man goes the credit for discovering and perfecting the method of producing anesthesia. The value of this contribution to medicine and to the happiness of mankind cannot be overstated. Many awards were made to Dr. Morton during his life and testimonials to the importance of this discovery add daily to his fame. It is not alone that human suffering has been lessened but tremendous strides in the advancement of surgery were made possible by the use of ether.

Of course since Morton's time far more progress has been made in this field. The odor of ether does not saturate the air of the hospital as it used to do. Many persons dreading visiting the hospital because the smell made them uncomfortable that is not true today because of modern advances in anesthetics.

As a matter of fact raw ether is rarely used today. It has been made safer when administered in combination with other gases such as nitrous oxide and oxygen. As a rule the anesthetic is administered by the so-called inhalation method. Recently other agents have been perfected some of which can be given directly into the bloodstream or injected into the tissues at the local site of operation. When injected into the bloodstream the drug is given slowly and often maintains complete anesthesia for 30 to 60 minutes. Local anesthetic

is in which novocaine is used can be maintained for longer periods of time.

Other drugs are administered through the rectum. When an administered they soon bring about a peaceful and quiet sleep which may last from 45 minutes to an hour and a half. It is similar to the "twilight sleep" used in maternity cases.

If the patient is a victim of some lung or heart disorder he may not be able to take a general anesthetic. Under such a circumstance the physician may recommend what is known as spinal anesthesia. This is a simple and safe procedure. Though the patient is awake and conscious of movement during the operation he experiences no pain.

The surgeon will determine which type of anesthesia is best suited for the individual patient. We have greatly progressed in these hundred years but mankind will never forget to bless the memory of Dr. Morton.

Planned to end...

But (Earl) Browder the Communist candidate for president knows it and is supporting him. Roosevelt knows it, and knows that his own muzzling will after election is in the interest of the cause. Felix Frankfurter knows it and is keeping mighty quiet for the present. Roosevelt knows it, and you haven't heard his name for months.

Stalin over in Russia knows it and has ordered his following in the United States to back Roosevelt.

It is probable that Franklin D. Roosevelt really thinks he can save this system of free enterprise. It may be that he is sincere in the golden words of opportunity spoken to business here last night. But why are his words so different from his deeds?

San Hunter credits a large part of his success on stage and screen to his genuine liking for and understanding of show people.

GET OUT THE VOTE CAMPAIGN PLANNED

Junior Chamber To Sponsor Drive, Civic Progress Meeting Indorsed.

The Marion Junior Chamber of Commerce last night launched a "get out the vote" campaign for the Nov. 3 election at their meeting in headquarters above 131 East Center street. The committee in charge of the drive is composed of Clarence Hart, Edward Lusch, Marion McKee, Walter Moore, Robert Bush and Guy Stoltz.

A resolution was passed endorsing the civic progress meeting sponsored by a group of local industrial leaders at which Captain Alfred Gus Karger will speak. All members were urged to attend the meeting Oct. 23 at the Star auditorium.

Plans were started for Thanksgiving and Christmas dances.

TAG DAY ADVANCES PROGRAM OF CLINIC

Continued from Page One

finding it absolutely impossible to pay for such service.

The clinic service includes five departments: medical and surgical, eye, ear, nose and throat, dental, dermatological, baby and prenatal. The days for treatment and consultation are Monday, Wednesday and Friday morning, and on these days the attending medical men and dentists donate their services. Asisting on the days are members of the city and county nursing staff who also contribute their services.

The baby and prenatal clinic is the latest department to be added to the service and this is sponsored by the women's board of the city hospital.

Cases cared for at the clinic are recommended through the nurses' visiting school teacher, Red Cross secretary and Parent Teacher members and not one counseling for the eligibility for the service.

LIQUOR RETAILER FREED BY BOARD

By The Associated Press

COLUMBUS, O., Oct. 16.—Clarence B. Harrison, Columbus liquor retailer, was freed to resume business today with the final chapter closed in the case growing out of his affidavit declaring he had paid \$500 insurance to prevent liquor enforcement agents from reporting violations of his grill room.

The state liquor board dismissed charges against him late yesterday without comment. The enforcement division had sought revocation of his license for two establishments here following his testimony at a board hearing several weeks ago that he paid the money to Charles C. O'Connell, former employee of the O'Connell state committee campaign publication.

WHOLE WHEAT SHREDS GIVEN NEW FLAVOR

By The Associated Press

Battle Creek, Mich. Reports from all parts of the country to the Kellogg company show that its product, Kellogg's Whole Wheat Shreds, is gaining in popularity.

THE FACT THAT THIS READY TO EAT CEREAL IS MADE FROM WHOLE WHEAT RICH IN NUTRIMENT IS ONE REASON FOR ITS SUCCESS. BUT IT IS APPARENT THAT THE DEMAND IS MOSTLY DUE TO ITS DIFFERENT FORM AND FLAVOR.

Although the product is shredded it is in loaf form. These shreds are flavored with an appetizing blend of malt sugar and salt and then toasted to a rich, golden brown.

No other ready to eat cereal has the same pleasing taste. Buyers are able to see the crisp shreds before purchasing in packages with cellophane windows.

We suggest you also try Kellogg's Shredded Wheat Shreds with the natural wheat flavor.

The Wrong Murderer

By HUGH CLEVELY

"She told you that she didn't suspect you any more?" asked Ruth incredulously.

"She told me so herself," answered Mahony impatiently. "And she invited me to dine with her this evening. That doesn't look as if she still suspected me, does it?"

"I don't know," said Ruth slowly. "There was something very wrong here, she felt. Was she setting a trap for him?"

"Don't you go to dinner with her," she said impulsively. "I'm sure she still suspects you. She's got some reason for inviting you to dinner."

Mahony felt very awkward; he thought Ruth was being silly. He did not quite know how to tell her politely that he had no intention of refusing Elsa's invitation.

Ruth saw what was passing in his mind. She realized that nothing would induce him to refuse Elsa's invitation.

"All right; do what you like. I'm going for a walk," she said in a somewhat muffled voice, and turned hastily and left the room, slamming the door after her.

Mahony looked astonished. Old Lee-Ramsden made a slight gesture as if to indicate that there was nothing to be astonished about.

"Women, my dear Mahony, are queer creatures; they have these moods, you know," he remarked lightly. "What else has been happening to you during the last 12 hours?"

"Quite a lot," answered Mahony, and he began to tell Lee-Ramsden about his adventures in Limehouse.

Ruth did not go for a walk. She went into the hall, put on a raincoat and hat, opened the front door, and then changed her mind. She wanted to be alone, to think. She closed the front door again, went up to her guardian's study, and sat down in a large arm-chair.

She felt very miserable and helpless, and as she sat huddled in the big arm-chair, the tears ran slowly down her cheeks. What could she do; how could she save Mahony?

After a time she heard the front door open, and her guardian's voice in the hall below bidding Mahony good-bye. The front door closed; she heard her guardian's footsteps ascending the stairs to the study. He opened the door and entered. Ruth shrank back in the big chair and remained quite still. She hoped Lee-Ramsden would not see

Lee-Ramsden, down below in the hall, smiled. He saw through that little trick of opening and shutting the bedroom door.

"Yes, I'd like to have a little chat with you. I won't keep you long," answered Lee-Ramsden.

Ruth descended the stairs and entered the drawing-room. She was possessed of a wild impatience to get out of the house and telephone to Mahony.

"What is it?" she said. "I was just going out."

"I won't keep you for more than 10 minutes, my dear," said Lee-Ramsden. "I want to ask you some questions about re-decorating this room."

For 10 minutes he talked to her on the subject of decorations, asking questions which she managed to answer somehow. When the conversation was over, she slipped on a hat and coat and left the house.

Lee-Ramsden heard the front door close behind her, and went into the hall.

"Well, Mullins?" he asked.

"I rang up Mr. Mahony's house," answered Mullins. "I told him you wanted to speak to him at once, most urgently, and he was to leave the house at once and meet you in the Lyons tea-shop in Park Street. He said he'd go right away."

"Excellent," said Lee-Ramsden. "When Ruth rings she'll find he's gone. Just to make quite sure she doesn't catch him, ring up again and talk to the landlady for a few minutes—it doesn't matter much what you say so long as you keep the number engaged for a few minutes."

He himself put on a hat and coat and took a taxi to the Lyons tea-shop in Park Street. Mahony was already there, seated at a table. Lee-Ramsden's face wore an ex-

Harding To Play Findlay Under Lights Here Tonight

SECOND NOCTURNAL CONTEST EXPECTED TO DRAW BIG CROWD

Reserve Teams of rival Squads To Meet in Preliminary at 6:15.

When the Harding High football team takes the field against the Findlay High squad tonight at Harding stadium, the game will mark the fifth contest of the season for the nine-game schedule. Coach Carl Cramer, president of the Findlay Athletic Association, went through dress rehearsal practice in great fashion last night and were awaiting to defend their laurels against a strong Findlay eleven.

The contest is not a North Central Ohio league game, and the Presidents will renew conference loyalties when Ashland visits Marion for a night game next week. With favorable weather conditions athletic officials anticipate an exceptionally large crowd at Harding field tonight.

The game will be the second variety contest under the flood lights and only two more home games remain to be played. Harding gridiron, chewed to bits when two contests were played on the rain-soaked field last Friday, is expected to be in good condition for tonight's contest.

Grid warfare will get underway at 6:15 when reserve teams of the rival squads play. The variety contest is set to immediately follow the reserve game and is expected to get underway about 8 o'clock.

Coach Cramer was reluctant to issue a pre-game statement but pointed out that Findlay High is widely known for having consistently placed winning teams on the gridiron. The Findlay club last week won over Tiffin, Columbus, 14 to 0, and comes here with its squad intact. Regardless of the outcome, the Harding gridiron tonight will face one of the strongest teams on this year's schedule, with the exception, perhaps, of the Mansfield High Tigers.

With a brief rest before they resumed preparation for tonight's game, the Harding reserves, coached by Bill Williams, appeared to be in top form for the preliminary. The junior varsity suffered a 15 to 0 defeat at the hands of Richmond on the water-laden stadium field last Friday night, but are ready and waiting for the opener tonight.

The game is the mid-season contest for the reserve with only two contests remaining to be played. Nov. 7 the Jayvies will travel to Richmond for a return game and Nov. 14 will invade Mt. Vernon for a preliminary to the N. C. O. battle between the variety clubs.

Higami, VonBromberg Set for Grudge Match Monday

When Higami of Japan and Count Von Bromberg of Germany return to the Shovel gymnasium next Monday night, an unusual treat will be in store for Marion mat enthusiasts. Conventional wrestling tactics and jackets, a Japanese national sport, will figure in the featured bout. The pair tangled here last week and the much-hated Von-Bromberg lost when he was disqualified for losing a left punch at the referee's jaw.

"Never-admit-defeat Von-Bromberg" protested vigorously at the decision and stepped into an opening presented with Higami challenged him to a return match. After much dressing room hickering here the agreement Higami and the count arrived at:

The first fall will be either catch-as-catch-can style or jackets, to be decided by a flip of a coin. The second fall is to revert to the opposite style, and the third will be left as the choice of the wrestler scoring the quicker fall of the first two rounds. Whether the third fall will be necessary is a matter of conjecture.

It is common opinion that if the German who the toes he had better, for his own welfare, select catch-as-catch-can for the first round. It may be able to wear his opponent down and then beat Higami at his own game, which, however, is quite unlikely. Fans here who very much dislike the Count's arrogant attitude and his rough ring tactics are hoping the flipped coin favors Higami. In that case, they aver, the Jap, who is reputed to be an expert in jackets, will have everything his own way.

Jackets, to those not thoroughly initiated in the game, can be even more punishing than straight wrestling. The combatants wear jackets which cover them from the shoulders to just above the knees. All holds are approved as long as the aggressor grasps the jacket in applying it.

The bout will be over the one hour and a half time limit with the usual two falls to win. Dick Gerber of South Bend, Ind., an opponent of Swede Hansen in the preliminary last week, is matched to clash with the rough and tough Jack Demar of Toledo in the second featured bout.

Gerber showed plenty of aggressiveness in his recent scrap in the Marion ring and Demar is remembered for the rough handling he has given several opponents here. As Gerber can weather the expected storm of Demar's rough tactics, then the Toledoan had better be careful for his own safety. The Monday night card will open with a 20-minute preliminary match, which is set to begin at 8:30 o'clock.

INDEPENDENTS TO GO TO LITTLE SANDUSKY FOR SUNDAY GAME

Contest To Close Season for Marion Team, Recent Loser to Rivals.

Marion's Independent baseball team will close its season with a game at Little Sandusky Sunday afternoon.

The two squads battled through an extra-inning conflict in the final round of a tournament at Lincoln park two weeks ago, with Little Sandusky winning, 7 to 6.

The victory came in the eighth inning when K. Culver lined to Reese in right field, with Feichter scoring from third.

Reese made an excellent throw to the plate but Koonits, Marion's catcher, was unable to handle the ball because of darkness, permitting the winning run.

P. Strong and Koonits will compose the Independent's battery in the closing game Sunday. W. L. Harritt, manager, announced.

Stuckman is expected to be the hurling for Little Sandusky with C. Culver behind the bat.

BUGYRUS CALLERS' CONTEST DOWN TO 3

Marion, Galion, New Washington Entries Left, but No Names Given.

Special to The Star
BUGYRUS, Oct. 14.—The caller contest for the square dances feature of the London Crawford county antiques fair, near Wednesday at 5:30 p. m. in the Elks club, Bucyrus, had been narrowed down to three according to an announcement today by Charles Taylor, chairman of the entertainment committee. Although their names were not divulged, it is known that they come from Galion, New Washington and Marion.

According to Virginia Luke, chairman of the tickets committee, free refreshments and a very nominal price have helped to necessitate the printing of 200 more tickets to take care of requests since the original 250 were sold. Bob Love's Serenaders, a nine-piece orchestra from Shelby, has been secured for the round dances.

KENTON TO DANCE IN "NEW" ARMORY

Special to The Star
KENTON, O., Oct. 14.—The Hardin county armory, completely redecorated, repaired, remodeled and improved by WPA labor during the summer months, will present a spick and span appearance when it is thrown open to the public tonight for the annual police-dinner. The work was accomplished through the expenditure of little more than \$1,000 by the board of county commissioners.

"We voiced our needs enroute to Berlin but the shoes failed to arrive and it was necessary to obtain our own equipment. Upon arrival at Berlin we were housed in the Olympic village where two athletes shared a room with twin beds and during their stay were served with the type of food each nationality was accustomed to."

O.S.U. Track Coach Tells of Owens in Olympics

Kiwanians Told Sprint Star Homesick for U. S. Despite Public Acclaim.

Even though he appeared with poise and grace to receive the ovation of the 100,000 people who witnessed his record-breaking performance at the Olympic games, Jesse Owens, Cleveland's and Ohio State University's colored star, was a "homesick" athlete. Larry Snyder, Owens' college mentor told Kiwanians at their weekly meeting yesterday noon.

Coach Snyder renewed his own and Owens' experiences from the United States Olympic trials at Randall's Island, N. Y., through the Berlin games, and the victorious return trip on the Queen Mary. Sixty Kiwanis members and their guests heard the 45-minute talk concerning events leading to Jesse's performance which ranked him as the greatest individual participant in the 1936 Olympics.

Owens and other United States Olympic contestants were selected after the final trials held at Randall's Island. In Japan and the European countries smaller fields of contestants make it unnecessary for eliminations and representatives are known long in advance. This, Coach Snyder pointed out, is a distinct advantage in that their athletes may be trained to reach their peak for the international competition.

Owens Obelisk
United States entries, however, after completing the winter indoor season and the spring meets, work toward the national finals, but must strive to keep the peak performance for the Olympics. Owens in this respect was easy to handle in that he followed instructions implicitly.

College mentors were invited to embark on the Manhattan with their proteges and follow their training to the Olympics, but Coach Snyder pointed out that it wasn't long after sailing that friction arose between the coaches and Olympic officials. Little respect was offered the mentors and several of them banded together under the title, "Student managers," so small was their authority in regard to their own athletes.

The fact that Jesse Owens actually won his laurels while wearing a pair of German-made athletic shoes was disclosed by Coach Snyder, who explained, "Owens usually misplaced about two pairs at each track meet, and we took but three pairs to Randall's Island, under the impression that equipment would be furnished by the Olympic officials."

"We voiced our needs enroute to Berlin but the shoes failed to arrive and it was necessary to obtain our own equipment. Upon arrival at Berlin we were housed in the Olympic village where two athletes shared a room with twin beds and during their stay were served with the type of food each nationality was accustomed to."

DRESSEN SIGNED BY CINCINNATI; RUMORS OF CHANGES QUIETED

Stengel Apparently Only Manager Scheduled for Release This Year.

By The Associated Press
NEW YORK, Oct. 14.—The wolves who were howling for about half the managerial scalp in the big leagues during the closing weeks of the recent baseball season, apparently were barking up the wrong tree nearly every time they let off a blast.

The way the situation lines up now, there appears to be only one change in sight among the club pilots for 1937, despite the unfounded reports that had Jimmy Wilson, Rogers Hornsby and Charley Dressen out as managers of the Phillies, Browns and Reds, respectively.

There had been rumors, too, that all wasn't "beer and skittles" for Joe Cronin with the Boston Red Sox and Pie Traynor with the Pirates, but these seem to have been as lacking in foundation as those having to do with Wilson, Hornsby and Dressen.

Unless unlooked for shifts are forthcoming, therefore, the only managerial mix-up in the big-time for next season appears to be in Brooklyn, where Casey Stengel already has been given his walking papers as head-man of the Daffy Dodgers.

Dressen and Wilson already have signed new contracts for next season. Hornsby's still has two years

to run. Cronin and Traynor to be sitting pretty with their respective outfits. Not only did the reports of various ousters fail to go through, but they turned out to be master-mindings that were paying them.

For instance, Dressen was resigned by the Reds yesterday, but was given a nice boost as well. Gerry Nugent, pitcher, not only handed Waterman a contract, but showed great action by calling his fielding the smartest play in the game tactically speaking.

Hornsby not only is assured two years more pay from Browns, but the club officials said they're entirely satisfied with his work.

Gehrig Named Most Valuable Player in American League

By The Associated Press
CLEVELAND, Oct. 16—Lou Gehrig, the "iron man" first baseman of the World Champion New York Yankees and leading home run hitter of the 1936 American League season, was named today by the Baseball Writers Association of America as the most valuable player to his team.

The association announced that its official junior poll 1936 poll gave the award to Columbia Lou Gehrig. His nearest rival was Luke Appling, sensational shortstop of the Chicago White Sox who received 65 votes.

Four members of the association's committee of eight named to conduct the poll picked Gehrig for top ranking while three chose Appling. Hank Greenberg of the Detroit Tigers out with injuries this year received no mention.

Earl Averill, Cleveland Indians' clouting infielder, was third with 45 votes. Charles Gehringer, the Detroit Tigers' dependable second baseman, finished in fourth position with 19 and was the only player besides Gehrig and Appling to receive a first place mention which carried ten votes.

Following Gehrig were Bill Dickey, New York Yankees catcher, 29 votes; Joe Kuhel of the Washington Senators and Vernon Kennedy, White Sox mound star, bracketed at 27 votes; and Joe DiMaggio, star Yankee rookie outfielder with 26 votes. DiMaggio received two second choice votes for nine points each.

LOU GEHRIG

Other American leaguers receiving five or more votes were Tommie Bridges, Detroit Tigers pitcher, 25; Hal Trosky, Cleveland home-run hitting first baseman, 20; Jimmy Foxx, Boston first baseman, 16; Gerald Walker, Detroit outfielder, 14; Beau Bell, St. Louis Browns 10; Wallie Moses, Philadelphia Athletics, 7; and Bob (Lefty) Grove, Boston hurler, 5.

STYLE OF PLAY USED BY BUCKS DEFENDED BY COACH SCHMIDT

Xavier Picked To Win from Ohio Wesleyan in Saturday Contest

By Fritz Howler
Associated Press Sports Writer
COLUMBUS, Oct. 16—Frank A. Schmidt, Ohio State football coach, had a few words to say last night before the Bucks took off for Evanston and the Northwestern game.

The experts have been putting us or rather our razzle dazzle of fence on the past since Pitt beat us, the Texan said.

The boys seem to believe that power is the only thing in the world to win ball games with. It is a good thing power but it is not the only thing.

I've seen horses pulling fine automobiles when some little thing went wrong with the engine but they don't find any one saying that horses are better than automobiles just because a car goes hal once in a while.

Well, the other boys can stick with their horses and buggy football but we believe automobile football is here to stay and will play it that way.

And that renowned group of downtown coaches boasted by Ohio's capital—what does Schmidt think of them?

They are an enthusiastic bunch of men, all fine fellows, and they sure like to see Ohio win, the coach said.

They know a lot of football too but they have one advantage over my quarterbacks. My boys have to call the play in the pinch but the downtown group has up till Monday morning to think it over.

Ohio plays Northwestern at Evanston Saturday at 1:30 p.m. and at Columbus at 8:30 p.m. on Oct. 17.

But while the Bucks are fighting it out on the Western conference front there's a game right in Ohio that may shake up a couple of the Western Reserve battle with Baldwin Wallace at Cleveland.

Two years ago Baldwin Wallace won seven and lost one—the record being an 8 to 6 setback at the hands of the Red Chieftains—lost only to Ohio State that year.

In 1935 the Yellow Jackets won nine and lost one—and the defeat was a 27 to 14 loss to Western Reserve—which won nine and tied with Ohio Wesleyan. It was last year that Baldwin Wallace led the nation in team scoring with 438 points—while Western Reserve presented the individual rump.

Central Junior Gridders Defeat Vernon Team, 28-6

Central Junior High school grid team retained one of the leading contenders in the city's junior high football competition by routing to a 28 to 6 victory over the Vernon Heights Junior High team at Harding stadium yesterday afternoon.

A crowd broke the ice when Irvine received a pass behind the goal line in the first quarter to account for his team's only touchdown. Leading 6 to 0 at the start of the second period the lighter Vernon team was unable to withstand the repeated attacks of the Central gridders.

Central scored two touchdowns in the second quarter and added to its total with a touchdown in each of the following periods. Shaw, Central's halfback, went over for three of the touchdowns on reverse off tackle plays which netted gains of 25 and 30 yards before the score.

The line ups follow:
CENTRAL—Shaw, halfback; Turner, fullback; McCall, quarterback; Smith, left halfback; Robinson, right halfback; Sullivan, left end; Strickland, right end; Ryan, left tackle; McCallum, right tackle; Vernon, center.

Substitutes: Central—Keller, fullback; Robinson, left halfback; Strickland, right halfback; Sullivan, left end; Ryan, right end; McCallum, left tackle; Vernon, right tackle; Keller, center.

Other games in progress at the records indicated should end like this on the Ohio front this week: Dayton over Miami and Marshall over Cincinnati in the Buckeye.

Muskingum over Heidelberg. Toledo over Denison. Wittenberg over Bowling Green. Akron over Wooster. Otterbein over Ashland and Mount Union over Ohio Northern in the Ohio conference.

Wesleyan over Hamilton. Dayton over Miami. Capital over Miami. Ohio University over Kent State. Washington and Jefferson over Case. Defiance over Defiant Tech and Tuskegee over Wilberforce in the non-conference clashes.

In Friday night's tilt John Carroll should beat Adrian which has but 90 boys enrolled in the school—and Bluffton and Valley are about even.

BIG BILL EDWARDS MAY GET BID FOR PRO GRID POSITION

Considered Possible Successor to Resigned Head of American League

By The Associated Press
NEW YORK, Oct. 16—The American Professional Football League, looking about for a new president, is expected to have a bid from Bill Edwards, who was president of a previous American league back in 1926, was reported as the choice to succeed Dr. Harry A. March, who resigned late yesterday.

The American league began functioning this year with six teams—in Boston, New York, Pittsburgh, Syracuse, Brooklyn and Cleveland.

the teams did things of which I did not approve," he explained. "I did not approve of the methods of trying to get some players from the National League."

Edwards, who was president of a previous American league back in 1926, was reported as the choice to succeed Dr. Harry A. March, who resigned late yesterday.

The American league began functioning this year with six teams—in Boston, New York, Pittsburgh, Syracuse, Brooklyn and Cleveland.
